At Last - Jimmy's Solution

Editorial, D.C.J.

Fellow Americans fall into step. Jimmy leads the way. This week, finally, we have seen the Carter administration energy policy in detail. Jimmy plans to install a wood stove in the White House. By Cracky, why didn't we think of that? Will he install a horse in the White House garage next week? Then we will really know what our leader is shoveling.

In one sense Jimmy is a true Democrat. He believes in taxing the daylights out of people but for their own good, mind you. He believes and will have rationing as soon as possible. This we understand. But his faith defies understanding. If he thinks he can heat the White House with a wood stove, "good luck, Jimmy". If he thinks the North American continent can turn to wood, "good luck, everyone". There are some people who find wood most practical.

Mostly those who were conned into installing electric heat a few years back. But, if we all fall in step, goodbye forest. That's the trouble with not seeing the forest for the trees. Unfortunately, Jimmy, there are millions of Americans out here. By the numbers we defy the simple solution. We need a source of energy that is in good supply.

There are things I do not understand. Jimmy removes the controls on the price of oil to give the oil companies the enormous profits they presumably need to hunt for

oil. Then he taxes some of it away with an excess profit tax. This is great for the federal coffers but sure hard on the heating bill. At the same time, he allows all the alternate sources of energy to fall into the hands of the very same multi-national oil companies. Forty years ago, Hitler ran Germany's war machine on oil and gasoline made from coal. Why not that way for us? Is it because the same companies that have to be encouraged to find oil also own the coal? Why is there not a federal program to develop the har-

nessing of renewable energy like the wind, the ocean currents, sun power or hydrogen generation? Is it because the oil companies don't like the idea?

I really don't understand it all but I'm sure of one thing. The oil companies, Jimmy, won't like your horse in the White House garage, or rather, donkey, if the symbol is to originate along party lines.

of a tough N.B. Voke squad. The loss was the second in a row, despite the fine pitching and hitting of sophomores Jeff Hoff and Paul Tinkham respectively.

The team quickly regained their composure and broke the unwanted streak at the distress of Fairhaven. Buddy "Beans" Costa delivered the needed runs, and Mark Beaulieu kept the opposition scoreless with a brilliant pitching performance.

The varsity record is now 8 wins 3 losses, and they have blanked their opponents three times as of yet.

My best wishes go to the speedy recovery of the injured Jeff Pavao who plays a key role in the well doing of the team.

In J.V. action a good O.R.R. squad fell in defeat for the first time this season 10-6, again to the twice-villain N. B. Voke. The only highlight of the game was a Mike Bare triple to left center field.

their frustrations on their next opponent, Fairhaven. For the third time this season the team squeaked it out in the last inning. After the Mike Xavier solo home run in the sixth inning put the home "9" up 4-2, Fairhaven bounced back on a double-throwing error to tie the score. Tom Majestic quickly turned off the faucet striking out two. Two errors later, Mike Bare crossed the plate with the winning run in the bottom of the seventh inning. The J.V. record is now 7-1 in a 16-game schedule.

ORR might have won 2-1. Bulldogs outhit the Whalers 8-3 but came unglued in the 5th inning to allow New Bedford to tally three unearned runs and win 4-2. Mary Crowe had three hits to pace the Bulldog offense. Against Falmouth ORR jumped to a quick 4-0 lead and then withstood two Falmouth rallies to win. Excellent pitching marked this game, particularly from Laurie Carr who got the win with relief help from Doreen Grenier and Lu-Ann Goodwin. Sharon Hartley finished up the game with her inning at the mound.

FROM ORR - NOTICE TO PARENTS

Students who are tardy or absent are requested to bring in a note, signed by their parent, within one school day of such absence or tardiness.

This note is to be presented to the student's homeroom teacher and should explain the reason for such absence or tardiness.

There are several reasons for this request. First, we are charted under state law with keeping accurate attendance records of all students. Secondly, it assures both parents and teachers that accurate information about attendance and punctuality is shared.

The student who is present and punctual does not cost you, the taxpayer, any additional funds. Record-keeping of absence, tardiness and early dismissal is a time-consuming and costly procedure and your assistance in keeping this to a minimum will be much appreciated.

NATIONAL SPELLING BEE

On Wednesday, May 2, Brian Keene, a sixth grade student at the Old Hammondtown School, took part in a National Spelling Bee sponsored by the Standard-Times. Brian earned the right to represent his school by winning a sixth grade contest.

Other students taking part in the contest who have connections with Mattapoisett were Brendan MacDonald, now at the Old Rochester Regional Junior High School, and Saranna Ellis who left our school earlier this year and is now in the sixth grade at the Tripp School in Fairhaven.

Although Brian did not win the contest he realizes he is a richer person for having

taken part. We were proud to have him represent us.

The winner of the contest was Janine Patnaude from the St. Joseph's School in Fairhaven. Janine now represents our

VOLUNTARY EFFORT TO CONTAIN HOSPITAL COSTS

Tobey Hospital joins 6,400 other hospitals around the country during National Hospital Week to call attention to the "Voluntary Effort to Contain Hospital Costs (VE)."

The Voluntary Effort, established in late 1977 in response to a challenge by a member of the U.S. House of Representatives, is a coalition of hospitals, physicians, health insurers, and representatives from government, business, and consumer groups.
